Article on Message Board:

Welcome! 😊 It is with great pleasure to welcome all our PDCA members to our newest addition to the Ohio / Indiana Council. You are the most valuable asset of the PDCA. You bring business health and wealth to our members by sharing ideas and information. We hope you will share your questions and answers with us. If you take a few minutes a day or once a week, we will make our message board a valuable asset to all our members. We are in the greatest painting organization in the world. Learning and using that knowledge will grow our businesses. The PDCA has been around since 1884. Many great men and women before us have devoted their time and efforts to making the PDCA the most valuable tool available for coatings contractors. Let us continue to spread the word. Bring forth the idea of growing our business and being the elite. I am proud you let me represent you for this year. I always share being a PDCA member with my customers. This is one of many tools available with our membership. I hope you participate in this forum, and all our methods of sharing to become a better member and a better contractor. Thank You.

Terry Miller , Ohio- Indiana Council Past President
